

# ECO COTTON

**SOFT  
LINE**

Composition: 75% Cotton, 20% Polyacrylic, 5% Other Fibers

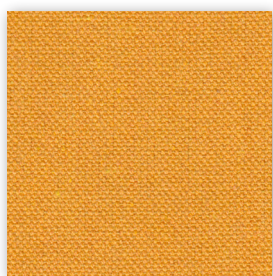

All: 100% Recycled Fibers

Martindale: 40.000

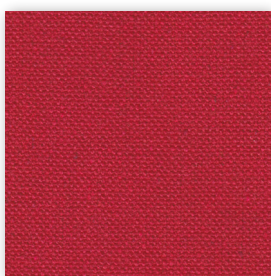

The Eco Cotton fabric is made from an ecologically advanced recycling technology using excess cotton fabrics of newly pre-dyed garments, through a fibres regeneration process.

Non polluting chemicals are used during the dying process.

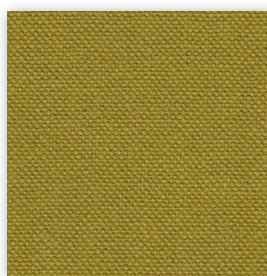

Certified: Oeko – tex standard 100
